Welcome to the first edition of Animal Talent Time News!

This is an opportunity for us to keep you updated on the latest at ATT. For those of you who don't know me, I've always loved animals and animal training. I am fortunate to have transformed my passion into a job where I work with some lovely people and their talented pets. I look forward to introducing you to the rest of the team in future issues.

We'd love to hear what you would like to see in our newsletters, so please send us an email with your feedback
